## STEERING COMMITTEE. . . . . COMPLETES FIRST PHASE

On the road to the first session of the California Senior Legislature, the steering committee has completed the first phase of what is proving to be a very challenging and exciting task. The presentation to Governor Brown of the manual for the senior legislature marked the culmination of several months of hard work by the committee and staff consultants. The Commission formed the steering committee in order to insure broad participation by the major state-wide senior and aging network organizations.

# **CALIFORNIA SENIOR LEGISLATURE**

## **25 Years of Service**

Established by State Law, the Mission of the California Senior Legislature is to help preserve and enhance the quality of life for older Californians and their families.

It was 1979 when then State Assembly Member Henry Mello introduced legislation to create a non-partisan, volunteer grassroots body of seniors 60 years of age and older to be elected by their peers – the California Senior Legislature. The first session was convened in July of 1981 and was deemed such a success that the Honorable Mello introduced SCR 44 (1982) providing for annual CSL sessions.

Governor Jerry Brown observed, “The California Senior Legislature offers our older citizens a special opportunity to assist me and the Legislature in developing priorities for the year [1981] and the years to come.”

The first session resulted in the passage of several laws, including strengthening laws dealing with elder abuse, providing for the building of “granny houses” for elderly relatives, and a measure that helped counties set up adult day health care programs. The other CSL priority proposals were made into two-year bills. Overall, there was a 60% success recorded with these first priorities.

From that early auspicious start, the CSL has flourished for the past 25 years. Every year, through its senior legislative session process, it has formulated and sponsored top priority proposals, shepherding them into bill form and subsequent enacted legislation.

The results of these legislative efforts have resulted in numerous extremely important advances, such as Alzheimer’s Disease treatment and programs, expanded geriatric and gerontology training for all levels of caregivers, greater protection against elder abuse of all forms, protections for mobilehome owners, improved care in long-term care facilities including the Nursing Home Patients’ Protective Act, and prescription benefits for Medicare beneficiaries, to mention a few.

The history of the CSL’s legislative accomplishments affecting state and federal programs and services – as well as other important issues of concern to older Californians – is well documented. Of the CSL’s 239 legislative proposals picked up by the Legislators from 1982 through 2004, 155 were chaptered into law, resulting in an average success rate of 65 percent.

CSL’s successes have not gone unnoticed. More than decade ago, in celebration of CSL’s 10<sup>th</sup> Anniversary Session, former president Ronald Reagan sent a greeting that stated, “I am pleased to offer my heartfelt congratulations to all the members of the California Senior Legislature on this their 10<sup>th</sup> anniversary of legislative advocacy on behalf of the elderly of California.” President Reagan’s letter concluded with, “I commend all members of the CSL, past and present, for accepting the challenge of the state legislature to prioritize the needs of California’s elderly, and for being an inspiration to us all, proving that individuals can indeed have a voice in our legislative system.”

In 2004 we were heartbroken and dismayed over the passing of our founder, the Honorable Henry Mello, State Senator (ret.) He had remained steadfast in his strong association and support for the CSL throughout our entire history. In his final days he helped in the passage of legislation making the CSL independent of the California Commission on Aging.

October, 2005

Dear Senior Legislators:

It is my pleasure to extend a warm welcome to our 25<sup>th</sup> Silver Anniversary Legislative Session of the California Senior Legislature. I look forward to working with you during this very special week. We are truly fortunate and privileged to celebrate 25 years of taking part in developing legislation that addresses senior issues.

This has been a most challenging year for CSL, the JRC and me since I was elected as Chair of the Joint Rules Committee this past April. With the help and support of the Executive Director of the California Commission on Aging, the JRC members, and the Legislative Committee, we have had many successes.

In order to meet the obligations of AB 1994, we physically relocated to 1020 N. Street, Suite 513, Sacramento, we negotiated to identify an administrative agency, prepared a realistic budget, and worked to sustain "California Fund for Senior Citizens" tax check-off line 54 on the California State personal income tax form. My thanks to the CSL members who actively participated and were able to increase donations to fund our Annual Legislative Session lunches and banquets.

CSL is a remarkable group of volunteers who have worked very hard and developed legislation that benefits all California senior citizens. I am proud to be a member of this group. I extend my thanks to all of you who have worked together and supported each other. Many of you have gone far beyond the normal "call of duty."

It has been a pleasure to serve as JRC Chair during the past 6 months. I look forward to meeting each one of you during this Annual Session. My thanks to all of you CSL members for your dedication and hard work. Please join me in celebrating the Silver Anniversary of the California Senior Legislature.

Sincerely,

Helen E. Karr, Senior Assembly Member  
Chair of the Joint Rules Committee

Dear Members of the California Senior Legislature:

The California Commission on Aging congratulates you as you gather in Sacramento for your Silver Anniversary Session, marking the 25<sup>th</sup> consecutive meeting of the California Senior Legislature (CSL). You are to be commended for a remarkable history!

This has been a challenging year for CSL as the Joint Rules Committee (JRC) responded to the requirements of AB 1994 and worked to identify funding sustainability. In addition, the CSL offices were relocated this past year to 1020 N Street. The members you elect to the JRC this week will be responsible to complete this transition and lead the organization into a new era.

Within two months of your Session, the 2005 White House Conference on Aging delegates will meet in Washington D.C. California is fortunate to have the largest delegation in attendance and the opportunity to impact federal policy issues. We urge CSL members to follow the proceedings and incorporate the recommendations into future CSL proposals.

Constituent input is a critical part of the aging network design and evaluation. We all share the goal of providing elders and their families with appropriate access to information and services that help people remain in their homes and communities.

Best wishes to you for a successful session.

Sincerely,

A handwritten signature in black ink, reading "Sandra K. Fitzpatrick".

Dear California Senior Legislators,

On behalf of the Triple-A Council of California, welcome to Sacramento and your Silver Anniversary Session. TACC is proud to represent the 33 Area Agency on Aging Advisory Councils in California and to pursue its role in education and advocacy, as well as communication and collaboration with key state partners.

As you all well know, CSL faces difficult challenges. We are hopeful that these can be met successfully and that our two organizations, along with the California Commission on Aging and other state partners, can continue to pursue Coordinated Advocacy on behalf of seniors.

As chair of TACC's Legislative Committee for the last two years, I have helped ensure that we place a high priority on consideration of all authored bills that derive from the work of the California Senior Legislature. I will make certain that we continue to do so.

As you deliberate over the next few days to create your priority proposals and work over the coming weeks to turn proposals into bills, please keep in mind a fact that shows how important your efforts are --- the success of these efforts will have an important beneficial effect on one out of every 1,300 people on our planet.

Again, welcome to this Session and congratulations on your many past successes. Please be assured that your efforts are appreciated and that they make a difference in the lives of those that we all strive to serve.

Sincerely,

Havard Staggs

The California Senior Legislature receives tremendous support from the staff of the California Legislature, and could not function without that assistance. This is a gift of time and talent to the efforts of the CSL to make a difference for California seniors!

While we have listed some of those who make these contributions, there are many, many others who help not only during the CSL Legislative Session, but also throughout the year. Our deepest gratitude goes to all of these individuals.

## Multipurpose Center

HELP of Ojai welcomes the opportunity to support the California Senior Legislature in memory of J. Wesley Kent, a volunteer extraordinaire. Wes served the seniors of the Ojai Valley through his involvement with HELP of Ojai. As chairman of the HELP Board of Directors, he advocated for senior services and assisted in the planning and implementation of programs that would meet the identified unmet needs.

From all of us at HELP of Ojai we send a sincere thank you to members of the CSL for the work you do to improve the quality of life for the older adults throughout California. Good luck in this, your 25th annual session.

**AGENCY GOALS**

The overall goal of the agency is to develop a wide range of bilingual services to help meet the essential needs of elderly persons who come from diverse Latin-American backgrounds, are low income, possess limited English speaking skills, and have received little education. The services we provide enable the elderly clients we serve to sustain themselves, to improve their quality of life and to maintain their independence. Latino elderly as a whole have missed out in financial gains made by other U. S. senior citizens. A recent study shows that a high number (22%) exist below the poverty line and 19% receive neither a pension nor social security benefits.

## We believe 60 is the new 30.

Sure, Kaiser Permanente has been around for nearly 60 years. But that doesn't mean we show our age. We're always coming up with new ways to help you feel better. Like preventive health programs, expanded medical offices, advanced information systems, and more. It's all part of the innovative approach we've brought to health care since 1943. And from the look of things, we're just getting better.

**Congratulations** to all returning and new CSL members on the 25th Annual Session of the California Senior Legislature.

Each and every one of us should feel honored to be part of the Silver Anniversary Session of the CSL. We are going through very tormentuous difficult times with our internal budget concerns and reassociation mandates. However, we should rise above these matters in the interest of the needs of our fellow senior citizens and work toward outstanding quality priority proposals and make this Silver Session shine bright as THE memorable session in CSL's history.

I look forward to working with each and every one of you to achieve these goals with effective meaningful priorities.
